

Agriculture Field Work

SAFETY CHECKLIST

Name

Department

Date

DESCRIPTION	YES	NO	N/A
Keep hand-held tools in good condition.			
Short-handled hoes are not used for cultivation.			
Appropriate first aid supplies are nearby.			
Employee may not use pesticides unless trained and approved by the supervisor.			
No employees allowed to enter pesticide-treated fields until the pesticide is dry or settled, or according to posted reentry intervals.			
Pesticides are mixed per label instructions and training.			
Pesticide applicators are required to wear safety equipment (gloves, respirators, clothing) as appropriate.
