

# Here for the Small Business Owner

We understand that as a small business, you have many constraints on your time and resources. We have worked to bring you a comprehensive policy to help you focus on the things that matter most to your company.

## SMALL BUSINESS TEAM

Our small business unit is trained to address the needs of small businesses. Representatives can assist with making payments, resolving audit issues, reviewing policy coverage and providing safety resources. Please call 877.319.2348 for assistance.

## ONLINE TOOLS

At WCF, we focus on developing friendly and accessible internet services to get you the information you need quickly. We also offer a variety of services to help you manage your workers' compensation policy. From our website you can:

- File a claim
- Review claims status
- Maintain an OSHA 300 log
- Print a certificate of insurance
- Make a payment
- Obtain a loss run
- Register for a safety seminar

## SAFETY SERVICES

WCF's Safety and Loss Prevention Department offers a variety of loss-prevention services, including more than 200 safety resources in English and Spanish on our website, [wcf.com](http://wcf.com). Safety training is strongly encouraged for all WCF policyholders and is provided at policyholders' places of business and in regional seminar formats. WCF also provides online safety seminars each year. To register for a safety seminar, visit [wcf.com](http://wcf.com).

## CLAIMS

Our claims services bring together a preferred-provider organization, prescription-drug discounts, provider-bill review, medical-case management and vocational rehabilitation. This combination gives injured employees a solid foundation of care and support. It also allows our policyholders to participate in controlling claims costs.

Our partnerships with healthcare providers give our policyholders access to the finest medical care in the region. With nationally recognized doctors and cutting-edge facilities, our providers offer injured employees high-quality care close to home. To view facilities within our preferred-provider organization, go to [wcf.com](http://wcf.com).

With WCF's claim service there is also the advantage of having a local claims adjuster who can answer questions and concerns when an injury occurs. WCF's team of professionals are also available to help employers manage claims costs, and help injured employees get back to work.
